Introduction

'Think globally, and act locally'

In front of you is our annual report for 2021, in which we give accountability for our income and expenditure in 2021. We publish this annual report for environmental and cost reasons online only.

AbortusInformatie.nl is an innovative human rights NGO organisation that started 40 years after the first abortion clinic opened in the Netherlands, which was the Arnhem Mildredhuis, on 27 February 1971.
Exactly 40 years later, 27 February 2011 AbortusInformatie.nl was launched.
AbortionInformation.eu is our English name.

Human rights organisation

AbortusInformatie.nl is a human rights organisation that educates about abortion.

We are against all forms of violence relating to abortion. Everybody has their own opinion on the topic and different ways of thinking, but violence is not the answer.

Abortusinformatie.nl was set up by women who regret their abortion. We missed crucial information in the decision making process of our abortion.
Many of us say that if we had realized certain things in advance, and seen the images of what babies can look like after enduring an abortion, we would not have made the decision to kill our own offspring through abortion - we would have found other alternatives for the situation we were in.
All board members have affinity with abortion.

We build awareness on the reality of abortion, so that true 'informed consent' can be given based on facts and true understanding.
We do this amongst others by showing medical scientific images.
AbortusInformatie.nl also helps women considering abortion, who decide to keep their baby, or regret their abortion afterwards.
We bring innovative new ideas to the country, and as trailblazers have vision, and are entrepreneurial!

Please consider a donation if you think that what we do is important. We can only do this with the help of people of good will. Charity with tax-deductible ANBI status in the Netherlands, stichting:

Strategy

Because we find it inhumane that arms and legs are torn off children, babies are poisoned, starved or beheaded and their lives intentionally prematurely ended through abortion, we started this human rights organization. In Dutch, our foundation is called AbortusInformatie.nl, in English AbortionInformation.eu

1. The goal of the foundation is

(a) to be active in the area of human rights, sexuality, abortion and the possible consequences of it, amongst others, by providing information, support and shelter;
(b) carry out further actions which, in all senses of the word, relate to or could be conducive to above mentioned areas.

2. The foundation aims to achieve her goals, amongst others, by:

(a) providing information and education to promote public awareness on abortion: procedures, consequences, experiences and development of a baby in the womb;
(b) supporting women with an unplanned pregnancy (medical, material, financial, emotional and mental help), also after the birth of their baby;
(c) offering special provisions and courses for parents and the child, in order to promote their well being;
(d) setting up 'abortion information centers', a contact point for forced abortions, and organize platform days, symposia and theme days;
(e) providing opportunities for help after abortion (or sexual abuse) through so-called healing groups/retreats, peers' days, commemorative monuments and/or memorial services; the foundation also aims to offer women (post abortion) consolation, information, support and healing;
(f) providing sexual education to help prevent unplanned pregnancy (prevention through education), sexually transmitted diseases STD's etc., as well as offering medical diagnosis of STD's and other related diseases;
(g) attention to monitoring and ensuring implementation of due care standards surrounding abortion, also availability of an adequate offer of legal assistance with regards to the abortion issue;
(h) promoting the kind of legislation and regulations, as a result of which more restraint and a careful approach towards abortion will be taken, with more options coming into being for expectant mothers to give up their (not yet born) baby, as well as issuing advice and proposals to the government in this matter;

all in the broadest sense of the word.

The foundation aims to operate on both micro and macro level. The foundation is open to cooperation with other individuals and/or legal entities as well as with other organizations in the above mentioned areas.

CBR-Netherlands Confronts Abortion Promoters

International CBR affiliates normally rely on our legal expert to assist them as they carry out public abortion photo displays. It is important to note that without the First Amendment, our international friends encounter challenges beyond what we face at the U.S.

This week, CBR-Netherlands Founder Jolmer van der Weide emailed us to say thank you:

> We are very grateful for all the prior legal help which has once again shown that we are within our rights. Thank you, Gregg, for all your advice over the years, which we concluded in the response we had over the evening prior [to the Zwolle service], which also included judicial advice from various people here in the Netherlands.

Ms. van der Weide has reported that CBR-Netherlands did not know for four months where they stood with authorities from the city of Zwolle. When CBR- Netherlands (Abortusinformatie.nl) displayed abortion and prenatal signs on August 18, 2020, World Humanitarian Day, they were threatened with legal prosecution. The law varies from town to town and permission to display photo signs must be granted by the mayor. In December, Ms. van der Weide sent the mayor a letter asking for clarification, specifically asking if authorities could substantiate their claims and requesting whether legal action would be taken if CBR did future displays. Two weeks later, she finally received a response from the Zwolle council. We quote, in part:

> The [BOA's [Buitengewoon opsporingsambtenaren - investigative officers] who were on the scene at your demonstration in August also tried, in collaboration with the police, to assess whether the materials you use in the demonstrations are permissible under criminal law. It has not yet been shown that it is unobjectionable for us legal action and/or to take against you.

The council avoided the question of whether CBR-Netherland's photo displays can be deemed "offensive" and "hurtful," arbitrary words which were included in a Zwolle regulation, go on to CBR. Violations could result in up to two months in jail and a fine. Abortusinformatie.nl had an earlier run-in with authorities in Zwolle in 2017.

Meanwhile, babies continue to be aborted, as CBR-Netherlands sent an email reply to the council and proceeded with a photo sign display the following day. Ms. van der Weide entered with her letter she wrote to the council in which she requested knowledge of the laws pertaining to council demands. She persuaded the letter to the two BOAs and two female police officers who appeared on the scene that accusing seemingly to sabotage their freedom of speech.

The four officials refrained from shutting down the display, but one of the BOA agents hinted that they may yet attempt to stop CBR-Netherland's displays. The agent instructed

CBR-Netherlands (Abortusinformatie.nl) Founder Jolmer van der Weide confronted Dutch politician Liliane Ploumen, a fierce abortion advocate. Dutch television aired their conversation, but producers cropped out the CBR photo sign image.

CBR-NETHERLANDS (Continued from page 2...)

that they will not make a prison report, but they are going to investigate and offered, "You are entitled to a lawyer."

CBR-Netherlands lacks consistent aid from pro-life lawyers, in spite of our efforts to recruit such help. A number of European lawyers who claim to be Christ followers have refused to defend the expressive rights of CBR affiliates. Here in the U.S., our lawyers at the American Freedom Law Center have effectively represented us for years.

CBR-Netherlands stands up for preborn children and their mothers with a small number of volunteers and supporters, but they make up for their size in courage. Recently, they confronted the Dutch politician Liliane Ploumen, a fierce abortion advocate who initiated SheDecides. When President Trump reinstated the Mexico City policy, which ended U.S. funding of abortion overseas, Ms. Ploumen solicited international money to keep aborting babies in the third world, as well as the babies of women who travel from countries where abortion is restricted (e.g. from Poland to Holland).

CBR-Netherlands Founder Jolmer van der Weide was touring to meet Ms. Ploumen as she stepped out of a taxi to enter an Amsterdam meeting where she was scheduled to speak. A television crew actually recorded their discussion and aired it on prime time television. The coverage also included another CBR-Netherlands photo display held in The Hague.

This was not the first time CBR-Netherlands held Ms. Ploumen accountable. When she was collecting international abortion money in Brussels, Belgium, in 2017, Ms. van der Weide and other pro-life groups were present with abortion photo signs and other graphic reminders of the horrors of abortion.

CBR-Netherlands stood with signs outside the International Peace Palace on the "5th anniversary of the UN Peace Day. This Peace Palace is the seat of the International Court of Justice of the United Nations in The Hague. Spiritual Architect is appointed to this place in contrast to its name.

CBR-NETHERLANDS (Continued from page 2...)

reported by Oddcrowd to have "caused hundreds of millions of euros to [gradually] close the hole [left] by Trump." If true, this figure did more than "close the hole," as the reputable Population Research Group reported: "President Trump's Mexico City Policy has resulted an estimated $113 million in U.S. international aid dollars to foreign organizations that perform or promote abortion overseas, a report from the U.S. Government Accountability Office (GAO) has found." (http://bit.ly/3KRxDOm)

CBR-Netherlands' outreach extends beyond Holland. On December 28, 2020, Ms. van der Weide wrote the Argentinean Senate as they deliberated the legalization of abortion. With the assistance of CBR-Spain's director Jorge Benito, Ms. van der Weide sent 72 letters personally addressed to each senator. She included CBR prenatal photos of babies ages 8 to 11 weeks. Although a majority of the Argentinean Senate (38 to 29) voted to make abortion legal up to 14 weeks in Argentina, they are accountable before God and cannot say, "We did not know."

Please keep CBR-Netherlands and all of our CBR-International affiliates in your prayers. Learn more about Abortusinformatie.nl here: http://bit.ly/2VMAIav

People in the city of Zwolle were educated by these CBR-Netherlands signs on August 18, 2020, and again in December.

Three new international life-and-death consequences when U.S. Presidential elections are held. A January 18, 2021 article in the Dutch publication *de Dbq?* Volkskrant lamented the effect of President Trump's decision to reinstate the Mexico City policy, first enacted in January 20, 1985 by the Reagan administration, to prevent US government funds from being used directly or indirectly to facilitate abortion elsewhere in the world.

This policy has been dubbed "the gag rule" by pro-aborts, and it has now existed both and both with each presidential election. When a Republican president has been in office, babies' lives are spared. When a Democrat exists, more babies die as millions of abortion dollars flow out from the U.S. The pro-aborts crave funding to carry out these evil work.

Predictably, President Biden rescinded the Mexico City policy on his first day in office, reopening the blood-money flood. *The Volkskrant* article lamented the effectiveness of "the measure by which Donald Trump anecdotally cut international programs for the reproductive health of women and girls in 2017." What a cancerlike about killing babies and destroying family lives forever? ShoDecides was

Comments

The board is grateful for all the generous donations this year, which allowed us to continue this work.

In 2021 we were able to, amongst other things, do the following:

- Held advertisement campaign in 11 cities along streets/busstops/metro
- Aired a 30 second commercial on TV
- Printed new awareness signs
- Items for healing retreats to work through a past abortion
- Made baby models
- Some travel expenses

Along with this, office supplies such as A4 paper, SD's/USB's, operational costs such as websites, phone, admin software, insurance, banking, post office box etc.

Activites

In 2021 we launched our new website on 12.3.21.
We expanded our visibility on social media, posting more on twitter and instagram, next to facebook. We also diverted to various other video platforms due to censorship issues with Youtube. Posts on social media have been covered because it might show "unnecessary bloodshed".

We continued our public education work with some awareness displays, including an advertising campaign in 11 cities, showing an image of a 6 week baby from conception in the womb, along streets/busstops/metro. Humanistisch Verbond and Abortion Network Amsterdam, amongst others, did not agree.
We also aired a 30 second commercial on ATV.
The STER NPO123 however at almost the last minute sabotaged airing.
After notifying the minister responsible for media in our government, they changed their stance, and now allow the airing of the commercial.

We had 3 court cases for showing an image of a 6 week unborn baby along the streets, which we all won. On the sign it said the age was from conception. Our advertising campaign led to a lot of complaints and publicity.
Haarlem council discussed us, and Utrecht council discussed us for advertising on the street earlier in the year, and educating youth at the Utrecht University (twice) later in the year.

Upon request gave input during the United Nations women NGO CSW65 virtual forum in New York. Also per request made a video regarding the dangerous ESA partnership plans of EU with Africa to give majority of 106 votes in the United Nations, enabling passing of (binding) resolutions worldwide.
Work on healing programs continues www.abortusverwerken.nl, along with the advisory role for another healing program we helped set up/initially translated. We created various videos, and per request translated 'So you're pregnant' by Choice42.

A meme was made by Celebrate Life Magazine – a regular subscription magazine of American Life League. A popular post reached over 15.000.
We showed an image of a baby during the March for Life, along with visiting the abortion clinic in Eindhoven in remembrance of the abortion law, and various other activities.
Following an earlier run-in with authorities in Zwolle, we received a letter on behalf of the mayor of Zwolle that we had not done anything wrong. The next awareness display though, the BOA's again breeched their authority.
Although in 2019 we had around 200 requests for help, and in 2020 170 requests for help, this number became much lower in 2021 following a message "Ik ben deel van een organisatie die er tegen is van leugens te verspreiden op het net. Ik kom eerlijk met m'n naam te voorschijn omdat een stel sukkels zoals jullie me toch niets kunnen. Wees bereid om je site gehakt te hebben en al wat jullie willen geblokt te hebben. Een vrouw kiest wat er met haar lichaam gebeurt en daar hebben een stel sukkels zoals jullie niets mee te maken. Get ready."
Various babies were born.

We had a lot of media attention, and long interview with Investico.
Some of our images were briefly included in NOSstories, and BOOS.
We were also discussed during Spijkers met Koppen. https://tinyurl.com/f7jvwztd
Telegraaf twitter, Algemeen Dagblad, Noordhollands Dagblad, Gelderlander, Volkskrant mentioned our posters at the busstops by Bloemenhove clinic, Parool, RTV Utrecht, Duic, Haarlems Dagblad, Actiepartij Haarlem, Ik Hou Van Haarlem, Utrechts Nieuwsblad, PVDA, Hester Assen and student-starter, IJmuider Courant, Groene Amsterdammer, Kanttekening, Investico, PvdA twitter/Utrecht, Stirezo, Gloria TV, Rijnmond.nl. ANP Royals By Robin took a series of photo's.

Future strategy

The coming years promise to be dynamic years.
A large part of our activities is related to the amount of money that is donated.
We operate solely on donations from people like yourselves.
We are preparing for the future, in a sustainable manner, including innovative ideas, bringing together people, knowledge and skills. We hope to expand our support bases with people interested in sharing the realization of our goals, on both micro and macro level.

Donors and volunteers

Since its inception, a small army of helpers have aided AbortusInformatie.nl, with some 90 volunteers having helped us in some way or the other with their precious time and skills/talents, including wonderful brave people who help do street awareness displays, etc.
We are appreciative of all who contributed so generously with their gifts, so that we were able to further this work in 2021. We look forward to all the changes ahead of us! Would you like to join us? Let us know what you would like to do!

Special thanks

We are incredibly grateful for the people who help and support us. Thank you for your support, trust and commitment. Grateful for men, women and young people who, with functioning conscience and conviction, stand up courageously and join us, to defend the lives of babies who have no voice themselves. We want to thank you all for your support and commitment in recent years. Thanks to you, we have been able to work on building this organization, to innovate a new voice in the field of human rights, not only through education, but also through actual practical help. Many have helped with this. We are extremely grateful for all those people who have helped make everything possible.

If you see the value of what we are doing, and you would like to partner with us in educating about abortion, then please e-mail us at info@abortusinformatie.nl or info@abortioninformation.eu, find out or let us know how you would like to help, or make a donation by using the bank data below. That would be so appreciated!

AbortionInformation.eu and AbortusInformatie.nl works on exposing this enormous human rights issue. To do this, we need to allow people to see it for what it really is. In just a few minutes people understand the humanity of the unborn child, and what abortion does to them.
We would love to step up the exposure with your help, on our awareness displays, help etc. - help us arrange presentations for your friends, a group, church or home group, so they too can think about how they can get involved.

Would you like to help us make a difference? We can't do what we do, without you! Join! You can also support us and make a contribution to help defend babies in the mother's womb, and further this work.

How?

Your donation can be placed via ABN Amro in the name of our charity (stichting) AbortusInformatie.nl

Wat klopte er precies niet aan de beelden?

Goede vraag! Heb hier geen antwoord op gekregen - de 4 beelden die wij toen toonden

Hester Assen: "waarin zij foutieve informatie hebben verspreid"... dat is nogal een aantijging. "De anti-abortus groep AbortusInformatie.nl een "voorlichtingsactie" gehouden heeft op de Uithof waarin zij FOUTIEVE INFORMATIE hebben verspreid over abortus richting studenten en deze foutieve informatie, verpakt als voorlichting, vinden de fracties misleidend."
